**The dates for the next Techtexsil and Texprocess in Frankfurt am Main have been fixed. The two trade fairs will be held from 21 to 24 June 2022 and shift to even years.**

Recently postponed due to the current corona pandemic, Techtexsil and Texprocess, the leading international trade fairs for technical textiles and nonwovens and for the processing of textile and flexible materials, will next be held in Frankfurt am Main from 21 to 24 June 2022. With the shift to 2022, the two fairs will also change their event cycle and shift permanently to even years. The dates for 2024 have also been set and they will take place from 9 to 12 April.

“We are delighted that, after close consultations with the sector and our partners, it was quickly possible to find new dates for the postponed Techtexsil and Texprocess trade fairs. The biennial event cycle for the two fairs has proved to be in the best interests of the sector so that, together, we have decided to maintain this rhythm from 2022”, says Olaf Schmidt, Vice President Textiles and Textile Technologies of Messe Frankfurt.

“We have been in even closer contact with the members of our association and our global sister associations about the pandemic over recent months. There is a widespread need to present innovations live so that postponing the Techtexsil and Texprocess until 2022 currently represents the optimal solution for the sector. Moreover, the new cycle of fairs fits in even better with the sector’s international calendar of events and thus opens up better processes for all involved”, adds Elgar Straub, Managing Director of VDMA Textile Care, Fabric and Leather Technologies, the conceptual partner of Texprocess.

The next edition of Techtexsil and Texprocess in June 2022 is planned as a hybrid event that, in addition to the fair and a comprehensive programme of events, will include a variety of digital services. In 2022, Techtexsil and Texprocess will occupy the western section of Frankfurt Fair and Exhibition Centre (Halls 8, 9, 11 and 12) for the first time, as was originally planned for the 2021 edition.

Ludwig-Erhard-Anlage 1  
60327 Frankfurt am Main

### **Information about events outside Germany**

Techtextil North America and Texprocess Americas (17 to 19 May 2022) are not affected by the changes and will be held as scheduled. Messe Frankfurt will agree the event cycle of the two US fairs with its partners in the near future.

The biggest ever editions of Techtextil and Texprocess were held in May 2019 and attracted a total of 1,818 exhibitors from 59 countries and some 47,000 trade visitors from 116 countries.

### **Background information on Messe Frankfurt**

Messe Frankfurt is the world's largest trade fair, congress and event organiser with its own exhibition grounds. The Messe Frankfurt Group employs around 2,500\* people in a total of 30 subsidiaries. The company generated annual sales of approximately €250\* million in 2020. Even in difficult times caused by the coronavirus pandemic, we are globally networked with our industry sectors. We have close ties with our industry sectors and serve our customers' business interests efficiently within the framework of our Fairs & Events, Locations and Services business fields. One of the Group's key USPs is its closely knit global sales network, which extends throughout the world. Our comprehensive range of services – both onsite and online – ensures that customers worldwide enjoy consistently high quality and flexibility when planning, organising and running their events. We are expanding our digital expertise with new business models. The wide range of services includes renting exhibition grounds, trade fair construction and marketing, personnel and food services. Headquartered in Frankfurt am Main, the company is owned by the City of Frankfurt (60 percent) and the State of Hesse (40 percent).
